True to Our Legacy

Dear Nautique Family,

For over a century, Nautique has been synonymous with innovation, quality, and performance. Since our founding in 1925, we have tirelessly pursued a higher standard - establishing a legacy built on excellence, and a commitment to pushing the boundaries of what's possible on the water.

That pioneering spirit came to life in 1961 with the debut of the Ski Nautique - the world's first tournament waterski boat. The Ski Nautique has since pulled more world records and personal bests than any other boat in the history of three-event tournament waterskiing, to indisputably stand as the most coveted and best-selling ski boat in the world.

Now, as we celebrate the 65th anniversary of this industry icon, we're proud to unveil the completely reimagined 2026 Ski Nautique. True to our legacy, this new model has been purposefully engineered from the hull up to seamlessly integrate ease of user experience with unprecedented performance capabilities. The Ski Nautique is more than a boat - it's the future of waterskiing.

This storied history is the foundation of our passion. It drives us to challenge limits, embrace innovation, and deliver the highest quality products to you - our Nautique family. As we look ahead, we are more committed than ever to crafting world-class towboats that create unforgettable experiences and shape your family's memories for generations to come.

Thank you for being part of this incredible journey with us.

Faithfully,

Greg Meloon - President
Nautique Boat Company

"And whatever you do, whether in word or deed, do it all in the name of the Lord Jesus, giving thanks to God the Father through him."
- Colossians 3:17

NAUTIQUE

New for 2026

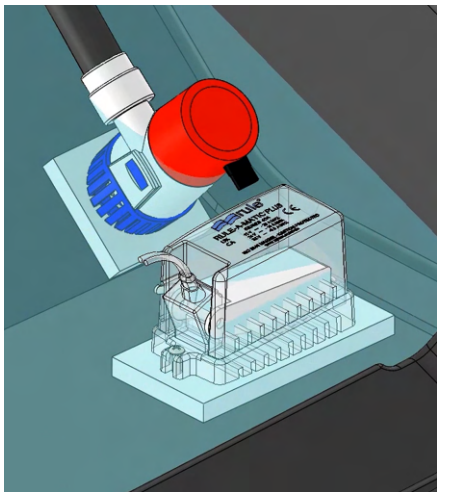

At Nautique, we relentlessly set the standard for innovation, unveiling groundbreaking solutions year after year to ensure each new model exceeds the capabilities of anything else in the world. By staying at the forefront of industry trends and tuning into the needs and desires of our customers, we introduce new features, technologies, and design enhancements each year that elevate the performance, comfort, and overall experience of every boat in the line-up.

Ski Nautique

New for 2026

Since its debut in 1961, the Ski Nautique has embodied Nautique's relentless passion for performance, setting more world records and personal bests than any other waterski boat in history. Continuing this 65-year legacy of innovation, our engineers reimagined the Ski Nautique from bow to stern with uncompromising precision to create the world's lightest, tournament-ready three-event waterski boat—engineered for those determined to redefine the limits of waterskiing.

5-Year, 1,000-Hour Warranty

Where your Nautique Meets our Guarantee

Backed by over a century of innovation and trust, our 5-Year, 1,000-Hour Transferable Warranty* reflects Nautique's commitment to your peace of mind. We've built our reputation on standing behind every boat we craft, and that legacy continues today so you can enjoy your Nautique to the fullest, with complete confidence in its quality and performance.

*Nautique warrants to the original owner or user, that each new 2026 Nautique boat, as originally manufactured by Nautique, shall under normal authorized use be free of defect in material and workmanship for a period of five (5) years or 1,000 hours from the date of delivery (whichever comes first). This warranty applies to factory-installed components including boat parts, options or other components not manufactured by Nautique Boat Company and is transferable one-time only to the second owner.

Handcrafted

Handcrafted With The Highest-Quality Materials

At Nautique, we take great pride in our commitment to craftsmanship, sourcing and incorporating only the most durable, high-quality, and luxurious materials available so that your Nautique is built to last. Each Nautique is carefully constructed by hand with meticulous attention to detail, prioritizing quality at every stage of production. This dedication to quality is driven by a vision for Nautique Boats to withstand the test of time, ensuring that future generations can enjoy the same unforgettable experiences on the water that today's owners cherish.

JL AUDIO®
A Garmin Brand

Experience Sound Like Never Before

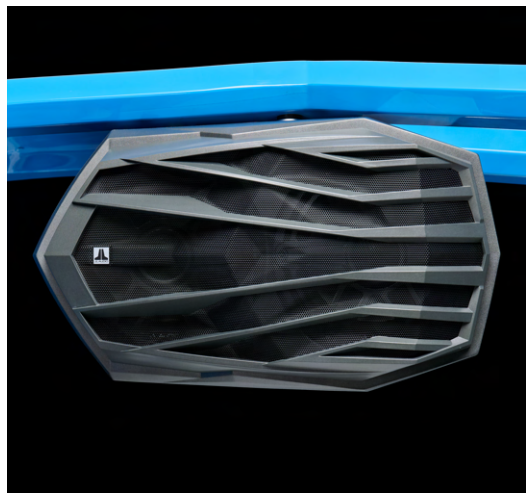

Our partnership with JL Audio ensures the highest quality sound on every Nautique model. Each boat is carefully calibrated by engineers from both Nautique and JL Audio to create the perfect audio environment. The JL Audio stereo system components are designed to work together seamlessly, delivering crisp, clear sound through the MM105 head unit, speakers, and amplifiers. Depending on the model, upgraded packages are available, featuring JL Audio subwoofers, tower speakers, additional zone controls, and exclusive technologies like WaveFront™ and WakeSub™.

Performance and Reliability

When you choose a Nautique, you're not just selecting a world-class towboat, you're choosing the most advanced propulsion system in the industry. We offer powerful, reliable performance with our gas engine offerings from our sister company, Pleasurecraft® Marine Engines (PCM), that have been precision-engineered to meet the standards of Nautique owners, ensuring every day on the water is nothing short of extraordinary. For those seeking diesel power, select Nautique models can be equipped with the robust Yanmar Marine 8LV engine. When it's time to choose your Nautique, you can have peace of mind knowing you're selecting from the best options available.

Nautique Coastal Edition

Coastal Adventures Start Here

The Nautique Coastal Edition is engineered for life on saltwater. If your days are spent cruising the coastline, you understand the importance of durability. That’s why the Coastal Edition features corrosion-resistant components throughout, protecting key systems from the harsh marine environment. Whether you're navigating tropical waters or exploring inland coastal routes, the Nautique Coastal Edition is built to stand the test of time.
